ADVENTURE
GAME BOY®

WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

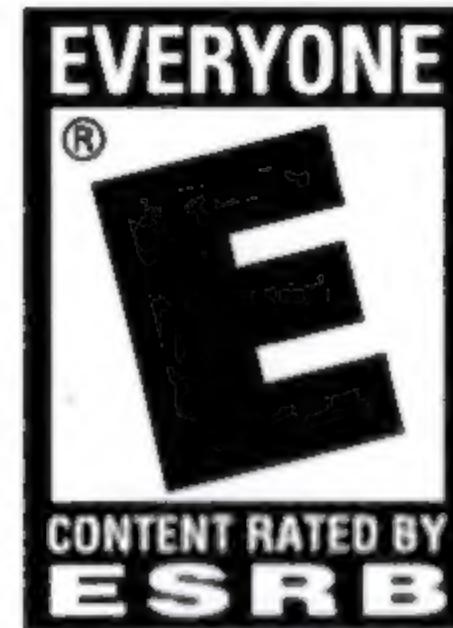

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

Game Overview

World Tennis Stars is a tennis game featuring different players competing on 6 very individual tennis courts from around the world: Grass, Beach, Stone Courtyard, Disco, Mayan Temple and a New York street.

The players have a range of shots available: Forehand, backhand, smash, lob and dive. These are used in two modes of play: "Arcade Mode" and "Competition Mode". "Arcade Mode" is for one-off matches against a user-selected computer opponent. "Competition Mode" takes the player through each court in turn, competing against the other characters to win a place in the final. Win that to become the number one "World Tennis Star".

Getting Started

1. Make sure the POWER switch is in the OFF position.
2. Insert the World tennis Stars Game Pak into the Game Boy® Advance slot as described in your Nintendo Game Boy® Advance instruction manual.
3. Turn the POWER switch ON. An intro sequence will begin automatically.

Multi-Pak Link

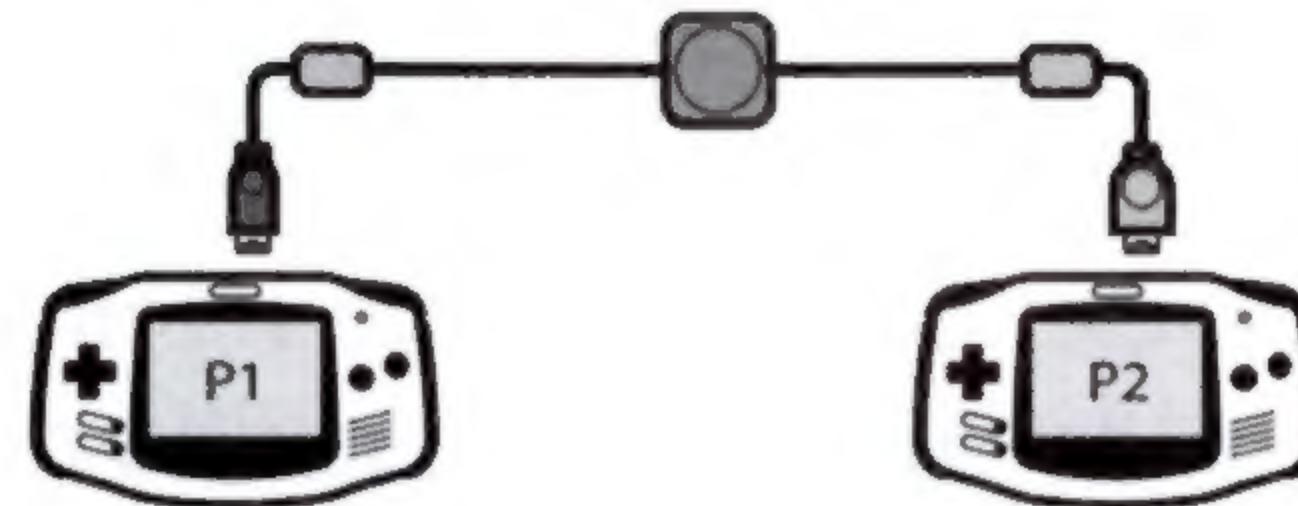

Here's all the information you need to link multiple Game Boy® Advance systems using multiple World Tennis Stars Game Paks.

NECESSARY EQUIPMENT

- **Game Boy® Advance systems:** One system per player
- **World Tennis Stars Advance Game Paks:** One Game Pak per player
- **Game Boy® Advance Game Link® Cable:** Two players, one Game Link® Cable

LINKING INSTRUCTIONS

1. Make sure that the POWER switches on all of the game systems are turned OFF, then insert the World Tennis Stars Game Paks into the individual Game Pak slots.

2. Insert the Game Link® Cable into the External Extension Connectors (EXT), on each of the game systems.
3. Turn each system's POWER switch ON.
4. Now follow the controller instructions.

* When playing with only two or three players, do not connect any game systems that will not be used.

Consult the diagram above when connecting Game Link® Cables to Game Boy® Advance systems.

Game Display

The screen shows the court and players in action. As the screen scrolls around your player may go out of view. If so, a pointer will appear to show where your player is. Across the bottom of the screen are the number of sets, games and points for the match in progress.

Controls

Rules and Scoring

A match can consist of 1, 3 or 5 “sets”. A “set” is made up of a maximum of 11 games. A “set” is won by the first person to win 6 “games”. The first person to win 3 “sets” wins the match.

During a “game” your score increases for each point won as follows: “LOVE”, “15”, “30” and “40” and “Game”. The first to “Game” point wins the game. If both players reach “40”, a “DEUCE” is declared. One player must win the “Advantage” and hence “Game”, by winning 2 consecutive points.

A game starts with the player “serving” the ball. The ball must be served into the box between the net and the other player, otherwise a “Fault” is incurred. If the ball hits the net and lands on your side of the net, a “Net” is given. This serve is ignored. If you incur 2 “faults” in a serve you lose a point.

At the start of each point the same player serves the ball for the duration of that “game”. With each new game the players take turns having the “serve” for that game.

Players then hit the ball back and forth to each other. The ball can only bounce once before being returned otherwise you lose a point. If you do not return the ball at all you will also lose a point.
